SAINT JOHN PAUL II CATHOLIC ACADEMY

SUMMER READING PROGRAM

GRADES 3 - 4

Our goal in developing the Summer Reading Program for students of the Saint John Paul II Catholic Academy is to nurture both the habits of good reading and the love of reading for reading's sake. Students who develop the habit of reading not only learn to be better readers but also achieve greater success in school. Summer reading is required of all of our students. The choice of what to read is up to parents and students. Our reading list was compiled with suggestions from teachers, librarians, and reviews from bookstores and many literary web sites. Use this list as a starting place in the quest for summer reading - students do NOT have to read ALL the books on this list NOR are you limited to the titles shown here. Within grades, reading levels vary. This list contains a variety of genres along with challenging and easy to read selections.

Students in Grades 3-4 are required to read a *minimum* of 3 books. The attached reading log must be completed, signed by a parent, and returned to school by Friday, September 20, 2019. Students must present one book to highlight by completing ONE of the assignments suggested on the attached sheet.

PLEASE NOTE: The reading log and the reading assignment will be first two test grades in reading for the first semester of the 2019/2020 school year.

This summer reading list has been sent to all of the public libraries in the area of each of our campuses.

Happy Reading!!!
